OF MEDICAL EXAMINERS**

STATE OF NEW JERSEY
DEPARTMENT OF LAW & PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
STATE BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE SUSPENSION
OR REVOCATION OF THE LICENSE OF

Administrative Action

WILLIAM G. DOTZMAN, D.O.
License No. MB66828

FINAL ORDER
OF DISCIPLINE

TO PRACTICE MEDICINE AND SURGERY
IN THE STATE OF NEW JERSEY

This matter was opened to the New Jersey State Board of Medical Examiners (Board) upon receipt of information that the Board has reviewed and on which the following preliminary findings of fact and conclusions of law are made:

FINDINGS OF FACT

1. Respondent, William G. Dotzman, is the holder of New Jersey license number MB66828 and is licensed to practice medicine and surgery at all times relevant hereto.

2. On or about about March 25, 2005, the State of Florida Department of Health ("Florida Department") filed an Order of Emergency Suspension of License against Respondent concluding that Respondent violated § 459.015(1)(w), Florida Statutes (2004) in that he was unable to practice osteopathic medicine with reasonable skill and safety to patients by reason of illness or

use of alcohol, drugs, narcotics, chemicals, or any other type of material or as a result of any mental or physical condition. Further, the Order states that on or about June 2, 2004, Respondent pled guilty in the Pinellas County Court, Traffic Division, to the offense of driving under the influence ("DUI") and was placed on probation for a one year period.

3. Thereafter, on or about July 15, 2004, Respondent's supervisor at Bay Medical Center reported him to the Professionals Resource Network ("PRN"). PRN is the impaired practitioners program for the Board of Osteopathic Medicine in Florida. On August 16, 2004, Respondent agreed to a PRN-facilitated evaluation with David Myers, M.D. Dr. Meyers diagnosed Respondent with DUI and opined that Respondent should avail himself of a seven day inpatient evaluation for further diagnosis. Then on or about August 23, 2004, Respondent was evaluated at HealthCare Connection of Tampa and was discharged on or about August 30, 2004, with a diagnosis of alcohol abuse and had a positive urine drug screen for cocaine at the time of his admission to HealthCare Connection.

4. On or about September 17, 2004, Respondent sought a second opinion evaluation from Martha Brown, M.D., a PRN approved treatment provider. Respondent was diagnosed with cocaine and

alcohol dependence. Dr. Brown recommended that Respondent participate in a residential treatment program; Respondent could not practice with reasonable skill and safety, and that he needed intensive treatment for his substance abuse issues before returning to the practice of osteopathic medicine; and should enter into a monitoring contact with PRN.

5. On or about October 25, 2004, Respondent entered into and completed a thirty (30) day residential treatment program at Turning Point of Tampa, Inc. At the time of discharge, he was diagnosed with alcohol abuse. Thereafter, Respondent continued to use alcohol and he returned to practicing osteopathic medicine without the permission of PRN. Then on or about January 6, 2005, PRN closed its file on Respondent and opined that he is unsafe to practice his profession with reasonable skill and safety as a result of his not being in compliance with the recommendations of his treatment team, his continuing ingestion of alcohol and his refusal to sign a contract to be monitored by PRN.

6. On or about February 9, 2005, Respondent was discharged from Turning Point of Tampa's outpatient program. Respondent failed to successfully complete the program and was diagnosed with alcohol dependence. Thereafter, Respondent continued to

ignore the Florida Department's requests to contact them and sign a contract for monitoring with the PRN.

7. On or about March 25, 2005, the Florida Department immediately suspended Respondent's license pursuant to § 120.60(6), Florida Statutes, finding that his continued practice as an osteopathic physician constituted an immediate serious danger to the public health, safety, or welfare. In addition, the Florida Department ordered a proceeding seeking formal suspension or discipline of the license of Respondent to practice as an osteopathic physician.

8. On April 18, 2006 the Florida Board of Osteopathic Medicine filed a Final Order against Respondent based upon the Administrative Complaint filed on April 13, 2005, with the State of Florida's Department of Health ordering that Respondent's license to practice osteopathic medicine in Florida be suspended for a period of two years, with no credit given for time served under the Emergency Suspension Order;

CONCLUSIONS OF LAW

1. The above disciplinary action taken by the sister state of Florida provides grounds to take disciplinary action against Respondent's license to practice medicine and surgery in New Jersey pursuant to N.J.S.A. 45:1-21(e), in that, Respondent engaged in professional or occupational misconduct.

2. The above disciplinary action taken by the sister state of Florida and the above conviction by the Pinellas County Court, Traffic Division, provides grounds to take disciplinary action against Respondent's license to practice medicine and surgery in New Jersey pursuant to N.J.S.A. 45:1-21(f), in that, Respondent pled guilty to, and engaged in acts constituting, a crime or offense involving moral turpitude or relating adversely to the practice of medicine.

3. The above disciplinary action taken by the sister state of Florida provides grounds for disciplinary action against Respondent's license to practice medicine and surgery in New Jersey pursuant to N.J.S.A. 45:1-21(g) in that the Respondent's license was suspended by the Florida Department.

4. The above disciplinary action taken by the sister state of Florida provides grounds to take disciplinary action against Respondent's license to practice medicine and surgery in

New Jersey pursuant to N.J.S.A. 45:1-21(i), in that, Respondent is incapable, for medical or any other good cause, of discharging the functions of a licensee in a manner consistent with the public's health, safety and welfare.

5. The above disciplinary action taken by the sister state of Florida provides grounds to take disciplinary action against Respondent's license to practice medicine and surgery in New Jersey pursuant to N.J.S.A. 45:1-21(l), in that, Respondent is presently engaged in drug or alcohol use that is likely to impair the ability to practice the profession or occupation with reasonable skill and safety.

DISCUSSION

Based on the foregoing findings and conclusions, a Provisional Order of Discipline suspending Respondent's license to practice medicine and surgery at all times in the State of New Jersey was entered on September 21, 2005 and a copy was forwarded to the Respondent at the last known address on file with the Board. The Provisional Order was subject to finalization by the Board at 5:00 p.m. on the 30th business day following business day unless Respondent requested a modification or dismissal of the stated Findings of Fact or dismissal setting forth in writing any and all reasons why said findings and conclusions should be

modified or dismissed and submitting any and all documents or other written evidence supporting Respondent's request for consideration and reasons therefor.

Respondent's written submission dated November 25, 2005 indicated that the Respondent intended to fight the charges levied against him by the State of Florida was deemed to be unsuccessful as the initial Emergency Order of Suspension was upheld and a Final Order of Suspension was entered on or about April 18, 2006.

At this juncture the Board has not received any information that the findings by the Florida Board have been reversed. Therefore, Respondent's submissions were reviewed by the Board, and the Board determined that further proceedings were not necessary and that no material discrepancies had been raised. The Board was not persuaded that the submitted materials merited further consideration, as Respondent did not dispute the Findings of Fact and Conclusions of Law.

ACCORDINGLY, IT IS on this 27th day of Feb, 2007,

ORDERED that:

1. Respondent's license to practice medicine and surgery in the State of New Jersey be and hereby is suspended until such

time as his medical license in the State of Florida is reinstated.

2. Prior to resuming active practice in New Jersey Respondent shall be required to appear before the Board (or a committee thereof) to demonstrate fitness to resume practice, and any practice in this State prior to said appearance shall constitute grounds for the a charge of unlicensed practice. In addition, the Board reserves the right to place restrictions on Respondent's practice should his license be reinstated.

NEW JERSEY STATE BOARD OF
MEDICAL EXAMINERS

By:

Sindy M. Paul, M.D., M.P.H.
Board President

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE
HAS BEEN ACCEPTED**

APPROVED BY THE BOARD ON MAY 10, 2000

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the Addendum to these Directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

1. Document Return and Agency Notification

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

2. Practice Cessation

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

4. Medical Records

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

5. Probation/Monitoring Conditions

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.

NAME: William G. Dotzman, D.O.
NJ License # MB066828

ADDENDUM

Any licensee who is the subject of an order of the Board suspending, revoking or otherwise conditioning the license, shall provide the following information at the time that the order is signed, if it is entered by consent, or immediately after service of a fully executed order entered after a hearing. The information required here is necessary for the Board to fulfill its reporting obligations:

Social Security Number¹: _____

List the Name and Address of any and all Health Care Facilities with which you are affiliated:

List the Names and Address of any and all Health Maintenance Organizations with which you are affiliated:

Provide the names and addresses of every person with whom you are associated in your professional practice: (You may attach a blank sheet of stationery bearing this information).

¹ Pursuant to 45 CFR Subtitle A Section 61.7 and 45 CFR Subtitle A Section 60.8, the Board is required to obtain your Social Security Number and/or federal taxpayer identification number in order to discharge its responsibility to report adverse actions to the National Practitioner Data Bank and the HIP Data Bank.

NOTICE OF REPORTING PRACTICES OF BOARD
REGARDING DISCIPLINARY ACTIONS

Pursuant to N.J.S.A. 52:14B-3(3), all orders of the New Jersey State Board of Medical Examiners are available for public inspection. Should any inquiry be made concerning the status of a licensee, the inquirer will be informed of the existence of the order and a copy will be provided if requested. All evidentiary hearings, proceedings on motions or other applications which are conducted as public hearings and the record, including the transcript and documents marked in evidence, are available for public inspection, upon request.

Pursuant to 45 CFR Subtitle A 60.8, the Board is obligated to report to the National Practitioners Data Bank any action relating to a physician which is based on reasons relating to professional competence or professional conduct:

- (1) Which revokes or suspends (or otherwise restricts) a license,
- (2) Which censures, reprimands or places on probation,
- (3) Under which a license is surrendered.

Pursuant to 45 CFR Section 61.7, the Board is obligated to report to the Healthcare Integrity and Protection (HIP) Data Bank, any formal or official actions, such as revocation or suspension of a license (and the length of any such suspension), reprimand, censure or probation or any other loss of license or the right to apply for, or renew, a license of the provider, supplier, or practitioner, whether by operation of law, voluntary surrender, non-renewability, or otherwise, or any other negative action or finding by such Federal or State agency that is publicly available information.

Pursuant to N.J.S.A. 45:9-19.13, if the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, it is obligated to notify each licensed health care facility and health maintenance organization with which a licensee is affiliated and every other board licensee in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders are provided to that organization on a monthly basis.

Within the month following entry of an order, a summary of the order will appear on the public agenda for the next monthly Board meeting and is forwarded to those members of the public requesting a copy. In addition, the same summary will appear in the minutes of that Board meeting, which are also made available to those requesting a copy.

Within the month following entry of an order, a summary of the order will appear in a Monthly Disciplinary Action Listing which is made available to those members of the public requesting a copy.

On a periodic basis the Board disseminates to its licensees a newsletter which includes a brief description of all of the orders entered by the Board.

From time to time, the Press Office of the Division of Consumer Affairs may issue releases including the summaries of the content of public orders.

Nothing herein is intended in any way to limit the Board, the Division or the Attorney General from disclosing any public document.
